2025 Sur Ron Ultra Bee

Surron Ultra Bee 2025 – Next-Level Performance & Innovation

The 2025 Surron Ultra Bee is built for adrenaline-packed performance, cutting-edge technology, and superior durability. Designed for both off-road adventures and high-speed trails, this upgraded model delivers more power, better handling, and enhanced efficiency.

Key Features:

Turbo Boost Power – Unleash 21kW peak power with the all-new Turbo mode or ride at 18kW in Sport mode for continuous high performance.

Upgraded 74V60Ah Battery – Extended range and faster acceleration, reaching 31 mph in just 2 seconds.

Advanced MTPA/MTPV Controller – Optimized for precision, efficiency, and a smoother ride.

Crawling Function – Enhanced traction and control for technical terrain, with three adjustable levels.

Reinforced Gold Front Fork – Improved damping system and over 50% increase in rigidity for a smoother, more responsive ride.

Blazing Speed & Torque – Accelerate from 0-43.5 mph in just 3.1 seconds with 376.9 ft-lbs of torque to the rear wheel.

Efficient Carbon Fiber Belt Drive – Featuring a forged pulley and tungsten carbide coating, increasing belt lifespan by 60%.

High-Tech OLED Display & GPS Compatibility – Stay connected with real-time ride stats and app integration (if available).

Rapid Charging – Get from 20% to 80% in just 2.5 hours with multiple charging levels.

Built for Strength & Comfort

Lightweight Forged Aluminum Frame – Engineered for perfect power balance and high durability.

Optimized Suspension – 9.4-inch front and rear shock travel, delivering superior shock absorption.

All-Terrain Tires – 80/100-19 front & 100/90-18 rear for ultimate grip on rugged trails.

Multiple Ride Modes – Eco, Daily, Sport, Reverse & Turbo for a customizable riding experience.

Specifications:

Top Speed: 59 mph

Range: Up to 71.5 miles @ 31 mph

Weight: 195 lbs (dry), 220 lbs max load

Seat Height: 35.8 in

Ground Clearance: 12.4 in

Wheelbase: 54.3 in

Warranty Information:

30-Day Replacement Guarantee – Defective parts due to manufacturing issues can be replaced within 30 days of delivery.
12-Month Limited Warranty – Covers the motor, controller, display, battery, chassis, and swingarm against defects.
Exclusions Apply – Normal wear parts such as chains, brake components, seals, bearings, and suspension valving are not covered. Warranty void if used for racing, modified wiring, or non-genuine parts installed.
The Ultimate Ride Starts Here!
With a power-packed motor, lightning-fast acceleration, advanced suspension, and cutting-edge technology, the 2025 Surron Ultra Bee is the perfect blend of speed, durability, and performance. Don't miss out – experience the next level of electric riding today!
